About Us

Naseeb Construction Company (NCC), established in 2006, is a certified Class-1 (Any Limit) construction company specializing in building, road, and highway projects. With a proven record of delivering high-quality infrastructure, NCC has become one of the most trusted names in the public and private construction sectors.

Registered with Haryana PWD (B&R), Himachal Pradesh PWD, and CPWD as a Class-A Government Contractor, NCC has delivered a wide range of projects across India — including judicial complexes, educational institutions, rest houses, and key road infrastructure.

With a proven record of on-time project completion and a growth surpassing ₹ 46 crores (2024–25), NCC continues to build trust and excellence in every project.

CONSTRUCTION
A BETTER
TOMORROW
TODAY

Who We Are ?

We are a leading construction company creating long-lasting infrastructure through commitment, expertise, and innovation. With a strong focus on quality, safety, and innovation, we deliver projects that stand the test of time. Our dedicated team ensures timely execution and client satisfaction in every venture. NCC continues to build a stronger, smarter, and more sustainable future for the nation.

Core Values

Integrity: We uphold honesty, transparency and fairness in all our operations.

Quality : We strive for excellence in every project we undertake.

Innovation: We embrace new technologies and creative solutions for better outcomes.

Mission

To deliver high-quality construction services through innovation, advanced technology, and skilled expertise – ensuring timely completion, client satisfaction, and long-term partnerships built on trust and excellence.

Vision

To be a leading name in the infrastructure industry by consistently exceeding client expectations and contributing to the nation's growth through sustainable and quality-driven construction.

Safety and Quality Assurance

At Naseeb Construction Company, safety and quality are the cornerstones of every project we undertake. We are firmly committed to creating a work environment where every employee, subcontractor, and stakeholder operates under the highest safety and quality standards.

- NCC operates with a comprehensive Quality Management System (QMS) designed to meet and exceed client expectations.
- All materials, workmanship, and construction practices strictly adhere to specifications laid down by the Bureau of Indian Standards (BIS) and relevant government authorities.
- Continuous improvement through feedback analysis and innovation ensures consistent delivery of superior results.

Our Objective

To ensure that every project delivered by NCC stands as a benchmark of safety, precision, and excellence — reinforcing our reputation as a trusted government-approved Class-1 construction firm.

Partnership and **Collaboration**

Mr. Sh. Mange Ram

Our company believes in building with honesty, discipline, and responsibility. Every project is an opportunity to deliver quality and earn trust. We focus on long-term reliability rather than short-term results.

Mr. Naseem Ahmed

Our strength lies in proper planning and disciplined execution. We believe that every project must reflect teamwork, transparency, and accountability. Continuous improvement and client satisfaction remain at the core of our work.

Mr. Javed

We focus on executing every project with efficiency and integrity. Quality workmanship and timely delivery are our top priorities. Our commitment is to ensure client satisfaction through consistent performance and teamwork.

GST Office Building, Rohtak (Haryana)

Naseeb Construction Company (NCC) successfully executed the Construction of the Office Building for the Central Board of Excise and Customs Department (GST Building) in Rohtak, Haryana. The project, valued at ₹2,897.67 Lakhs, was completed with precision, adhering strictly to the specifications and quality standards set by the department. The facility features modern architectural design, robust structural work, and advanced utility systems to support government operations efficiently. This project stands as a testament to NCC's commitment to quality construction, timely completion, and excellence in government infrastructure development.

The GST Office Building in Rohtak provides a modern, efficient, and well-equipped workspace for the Central Board of Excise and Customs Department. Designed to enhance administrative efficiency, the facility brings all taxation and compliance services under one roof, ensuring better coordination and faster public service delivery. The building's contemporary infrastructure, energy-efficient systems, and spacious layout create a professional environment that promotes productivity and convenience for both employees and visitors. Its strategic location and durable construction further ensure long-term functionality and ease of access for government operations in the region.

History of the Company

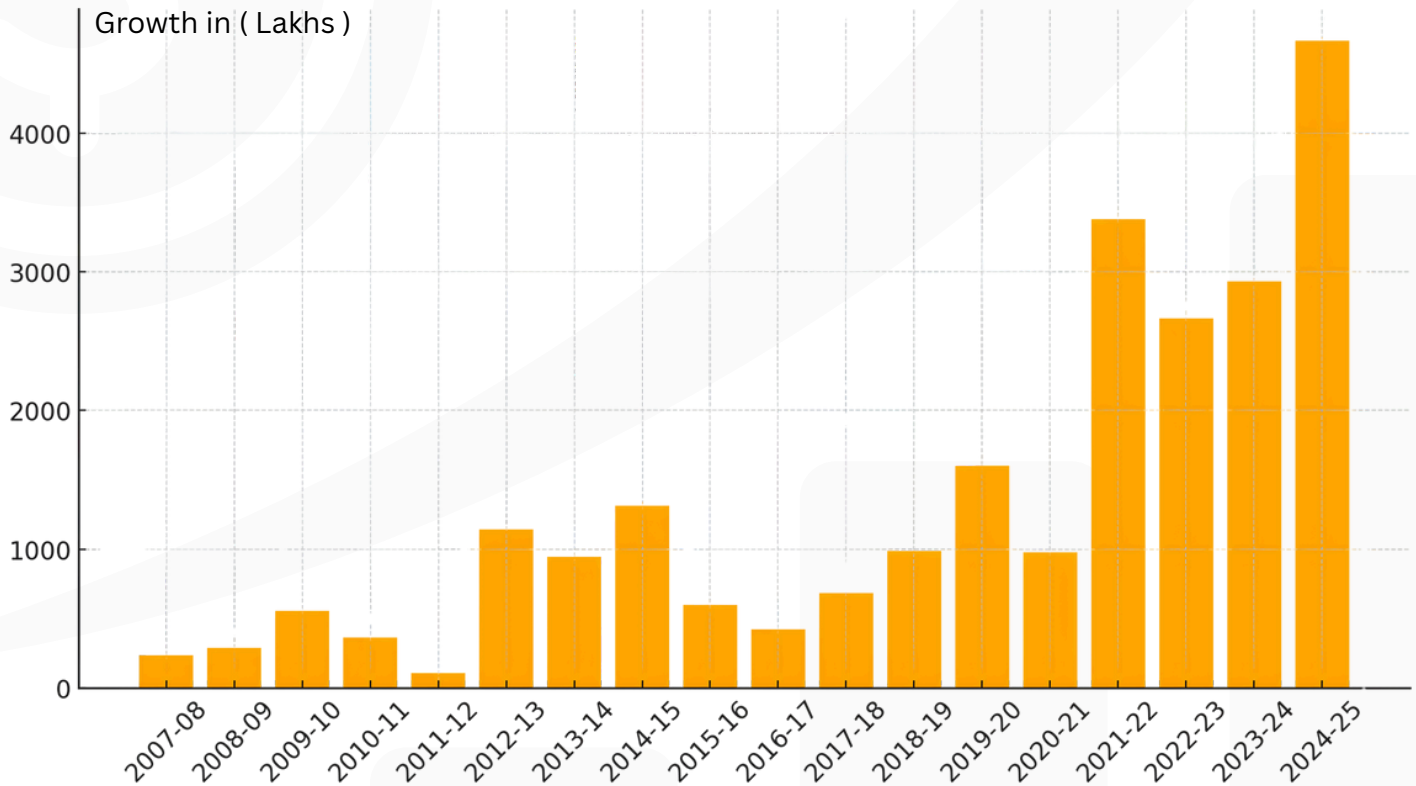

Naseeb Construction Company (NCC) was established in 2006 with a clear vision to deliver high-quality infrastructure and building projects that meet the growing demands of India's development sector. What began as a modest construction firm under the leadership of Sh. Mange Ram, Sh. Naseem Ahmed, and Sh. Javed has evolved into a reputed Class-1 (Any Limit) contractor recognized by various Government departments including PWD (B&R), Himachal Pradesh PWD, and CPWD.

From its early years, NCC focused on timely delivery, superior workmanship, and transparent business practices. The company's first projects in Haryana set strong examples of reliability and technical excellence, laying the foundation for rapid growth. Over time, NCC expanded its operations to multiple states – including Haryana, Gujarat, Himachal Pradesh, and Madhya Pradesh – executing diverse projects such as roads, highways, bridges, government buildings, educational institutions, and infrastructure works. Through continuous improvement and adherence to safety and quality standards, NCC earned the trust of several government clients. The firm's turnover has shown consistent growth every year, reflecting its steady progress and strong financial performance.

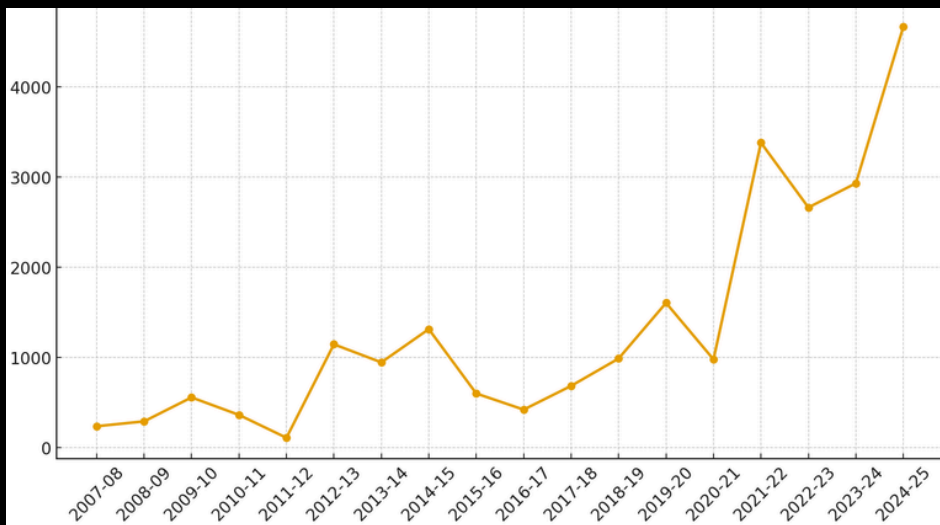

Today, with nearly two decades of proven experience, NCC stands as a symbol of integrity, innovation, and engineering excellence. The company's journey from small-scale beginnings to a nationally recognized infrastructure firm demonstrates its unwavering commitment to building the nation with quality and dedication.

Our Growth Chart (2007–2025)

Since its establishment in 2006, Naseeb Construction Company (NCC) has demonstrated consistent financial growth through quality execution and timely delivery of projects. The company's annual growth has steadily increased over the years, reflecting its strong market position and client trust.
